About Team IMPACT

Team IMPACT (TI) is a national 501(c)3 non-profit organization providing an extended support network to children living with serious and chronic illnesses by matching them up with local college athletic teams. We believe our program can help a child increase their confidence, optimism and sense of belonging through these relationships. Children feel like they are members of the team, contributing in ways only they can, providing insight and inspiration to student-athletes that cannot be found on the field or in the classroom.
