

2021 INTERNSHIP PROGRAM

ABOUT TEAM IMPACT

Team IMPACT is a national nonprofit that connects children facing serious or chronic illnesses with college athletic teams, forming lifelong bonds and life-changing outcomes. Through Team IMPACT, a child battling illness becomes an official (non-playing) member of a college athletic team, attending practices, games, team dinners and more. After two years with the team, the child graduates from the program with demonstrated improvements in their optimism, confidence, and sense of belonging. Parents and siblings gain a community of support and a distraction from medical realities, and student athletes gain invaluable inspiration and perspective that will be carried with them long after graduation.

Team IMPACT is an equal opportunity employer, committed to cultivating an environment where diverse perspectives and backgrounds are embraced, and acknowledging that a team reflecting diversity will allow us to serve our communities better. To that end, we welcome and encourage applicants to bring their authentic selves when considering employment opportunities at Team IMPACT without fear or concern of discrimination/harassment.
