

TEAM IMPACT

ALL IN. ALL TOGETHER.

WHO IS TEAM IMPACT?

Team IMPACT matches children facing serious illness and disability with college sports teams.

We guide a symbiotic relationship focused on **socialization, empowerment, and resilience** between teams and children. Our therapeutic program allows student-athletes to use their platform to support a child during their medical journey while also learning valuable lessons around perspective, adversity, and resilience.

HOW YOUR TEAM CAN CHANGE THE GAME

Team IMPACT recruits will become a true member of the team, joining activities on and off the field, in-person and virtually. Here is what to expect.

- **Lifelong Friendships:** A two-year experience, with relationships that last a lifetime
- **Extended Network:** A true member of the team, teammates will attend games, practices, and events, garnering a sense of belonging and a network of support
- **Perspective:** Student-athletes learn more about themselves, expanding their knowledge of empathy and grit
- **You're not alone!** Team IMPACT staff will support the team and matched family, developing goals for positive outcomes throughout your experience

OUTCOMES

Student-athletes gain motivation and perspective, as well as lessons in adversity and resilience, from their matched child participant. Other outcomes include:

- 94%** experience greater awareness of the issues and needs of others
- 91%** develop greater self-awareness
- 90%** experience an enriched team environment
- 94%** are more aware of people whose lives are different than their own
